SAME ROADS – SAME RULES SAME RIGHTS

Given that Kawartha Lakes is a rural area, most of our roads are two lane hard top which means cyclists and motorists will be sharing the road. For a safe and enjoyable experience everyone must drive with courtesy and care.

Bicycles are considered vehicles under the Ontario Highway Traffic Act, and have the same rights and responsibilities on public roadways as motorists. Bicyclists fare best when they act and are treated as drivers of vehicles.

Do your part by being a good ambassador for bicycling.

USERS OF THIS MAP BEAR
FULL RESPONSIBILITY
FOR THEIR OWN SAFETY.

The Kawartha Lakes Cycling Map has been developed to assist cyclists in planning trips. The routes are primarily on-road and, in most cases, do not contain special treatment for cyclists, such as bike lanes or signed bicycle routes. Where special treatments for cyclists are provided, cyclists must use these roads with the same caution they would use when riding on similar roads that do not have such treatment. The routes are intended for use by experienced cyclists and should be evaluated by each individual cyclist based on their level of experience, comfort level in cycling in mixed traffic, weather conditions, time of day, posted speed, changing road grades and any road obstacles or conditions, whether temporary or permanent, such as construction or potholes. This map is not intended as a guide for children. The City of Kawartha Lakes is not responsible for any unforeseen offences committed by third parties, which may cause a hazard to cyclists.
